

NuVu Life Meal+ Unflavoured Fortification Powder 3kg

NuVu Life Meal+ is a high-calorie, protein-rich powder enriched with our unique vitamin & mineral blend. Our formulations combine industry leading expertise with a passion for high quality ingredients.

NuVu Life Meal+ provides you with a quick and easy way to increase the nutrient and calorie content of meals without increasing their volume. NuVu Life Meal+ is an unflavoured version of our bestselling shake suitable specifically for meal fortification.

Ideally added during the preparation stage of food such as cakes, sponges, custard, mash potato, soups, gravy, smoothies or mixed with milk for cereals and drinks it has been specially developed for its effectiveness and ease-of-use use in a professional kitchen.

NuVu Life Meal+ is much more nutritious than adding cream, butter or sugar and can be used instead of thickening starches to add vital vitamins and minerals to any meal.

Nutrient-Rich Fortification

NuVu Life Meal+ has been specially developed for people who struggle to maintain a healthy weight. Our high-protein formulation promotes healthy maintenance, recovery and repair within the body. Our products do not rely on excess sugar to taste great. Instead, NuVu Life's mission is to offer a range of great-tasting high-quality products that are nutrient focused and tailored to help people.

60 Servings in each 3kg Tub

NuVu Life Meal+ is available in a convenient 3kg tub, with a handy measuring scoop, making preparation easy and convenient and has been specifically developed for its effectiveness and ease-of-use use in a professional kitchen.

363 Calories with 200ml of Whole Milk

The Meal+ fortification powder is perfect for individuals with suppressed appetites, those that suffer from dysphagia or for people that are recovering from illness and is an excellent way to add additional calories and nutrients to any meal, drink or dessert.

Full of Vitamins and Minerals

One serving of our NuVu Life Meal+ Fortification powder contains 100% of the recommended daily intake of 17 essential vitamins and minerals and provides a nutrient dense formulation to promote health and well-being.
